23 May 1967

NOTE FOR: Carl

25X1A

1. [] came by with a [] TSD year-end shopping list. He anticipates needs for additional funds to support [] deployment, and was looking for comment on the 2 1/2 pages of TSD items which Fitzgerald had already approved. Most of the items were for near-term use -- many of them were []

25X1A

2. I told Bob that I didn't feel there was adequate background to make any comment that would be constructive or helpful, and further recalled that PPB had recently held a big hoeing session on the audio field between TSD and ORD.

25X1C

3. He ruefully agreed that it would be nice if there were some way of managing the R&D program, and departed.
